Dear Sir:

This is a response to the Official Action mailed June 20, 2000 (which supersedes the Official Action mailed May 24, 2000), which set a one month period for response; this response is timely filed.

Response to Restriction Requirement

The Action requires an election under 35 U.S.C. §121 between six groups of claims:

- 1: Claims 4-7, drawn to a compound of formula II;
- 11: Claims 8-10, drawn to a compound of formula IIa;
- III: Claims 11-12, drawn to a compound of formula IIb;
- IV: Claims 11-12, drawn to a compound of formula IIc;
- V. Claims 11-12, drawn to a compound of formula IId; and
- VI. Claims 13-14, drawn to a compound of formula and structure of claim 13.

The Action further requires that in each of Groups I-VI, Applicants identify a single compound species for prosecution on the merits, to which the claims shall be restricted if no generic claim is found allowable. Applicants are required to provide a chemical structure for the elected compound species.

Applicants hereby elect Group I (claims 4-7), without traverse, and without prejudice to Applicants' rights to pursue the subject matter of the non-elected claims in one or more subsequent application(s).

With regard to an election of species, Applicants elect the species defined as:

$$R^{1} \xrightarrow{5} R^{6} R^{7}$$

$$R^{2} \times Q R^{4} \qquad II$$

wherein:

 R^1 is $-OCH_2CO_2H$;

 R^2 is -H;

 R^4 and R^5 taken together are -(CH_2)_2-S(O)_{0-2}-(CH_2)_2-;\\

one of R^6 and R^7 is -H and the other is -H or -N(CH₂)₁₋₆ $R^{14}R^{15}$;

 R^{14} is -H; and

R¹⁵ is alkyl,
